Thanks for sending. I tried to send you an email a couple of times but it was returned. I'm trying again by replying to see if this works. Here's a link to data from the 2002-2003 TMDL study. I haven't sorted the TP and pH data yet, but you're right that exceedances were only in August and September in 2002 and 2003.

Your request for EIMSearch Download is COMPLETED.

Following is your request information:

Download Type : EIMSearch
Download Description : Icicle Creek at Mouth data
Download Record Count : 1585
Email Provided : Wu.Jennifer@epa.gov

You can download your file using the hyperlink
<https://fortress.wa.gov/ecy/eimdownload/Wu.Jennifer2319451.zip>

The download file will be available for 7 days, then it will be removed.
